Jimmy:

Hi honey. Well I'm glad that we got together. Often all it takes is a quick outburst to clear the air. Anyway, I'm glad that we had it. Often one of us expected it but not right now. Anyway, I love you a lot & you know that right? I hope I don't think I'm being too much as I do you. I hope that we can get married & stay together forever & ever. Because as much as I do you. I hope that we can keep on having good times together (& sex too!) I hope that someday we can get married & have a family. Just remember one thing we will turn out for us. Just remember one thing we both have to be ready. As long as you know I love you, I love ya, I love ya, I love ya

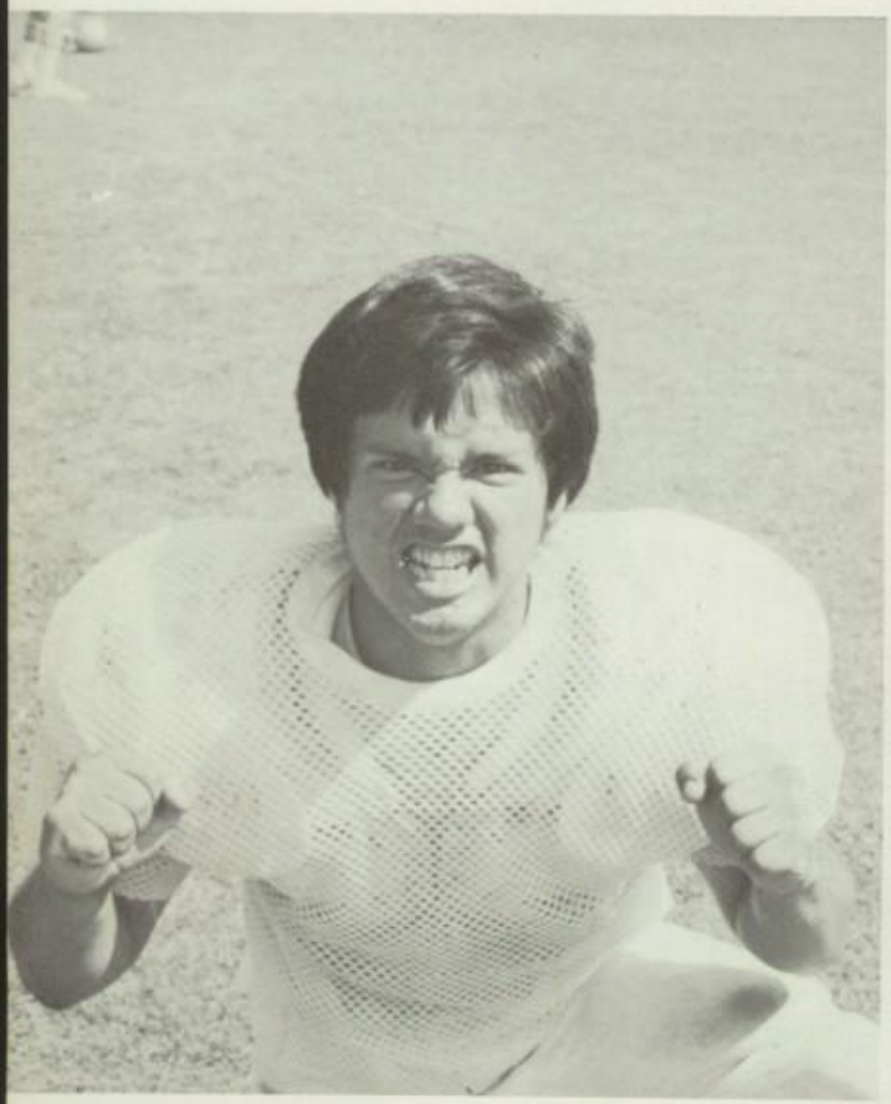
JERI TORREY, EDITOR

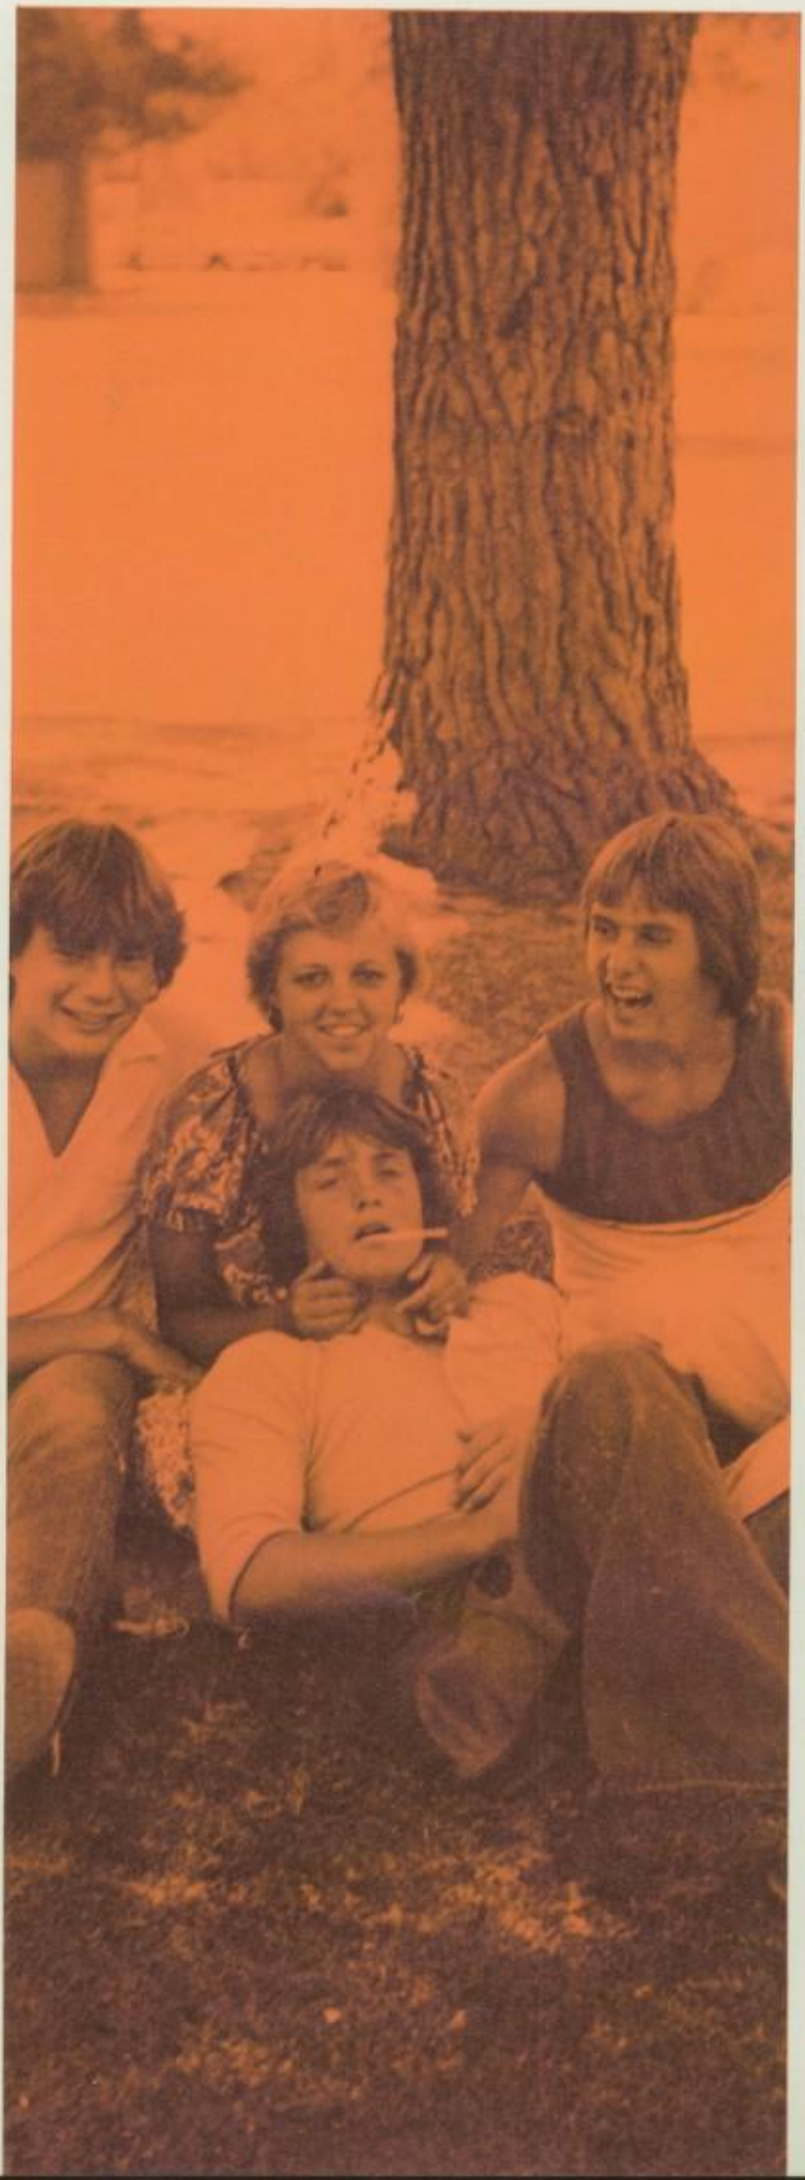
STAN GODECKE, ADVISOR

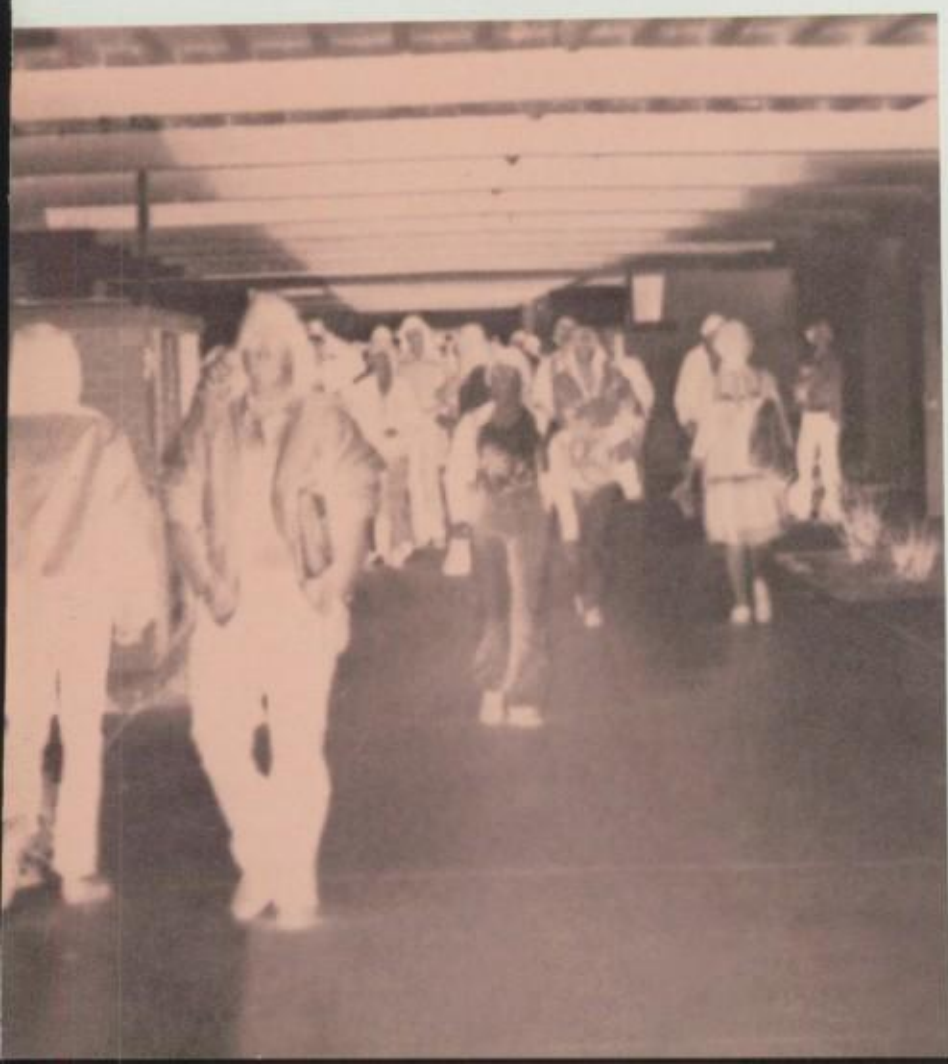
*WHAT DO YOU WANT TO SEE IN THE YEARBOOK?*

# MORE CANDIDS!

South is something different to each student. To a new freshman it can be exciting, frightening or awesome. To a sophomore or junior it might be a year filled with mixed emotions, deciding which way to go. To a graduating senior, it can mean lifelong memories or just a short stop on the road through life.







*so i can get my license*

*to talk to everybody*

*because i enjoy meeting different people*

*i don't know*

*because i'm a senior and i want to graduate*

*to play sports*

*because the world is round*

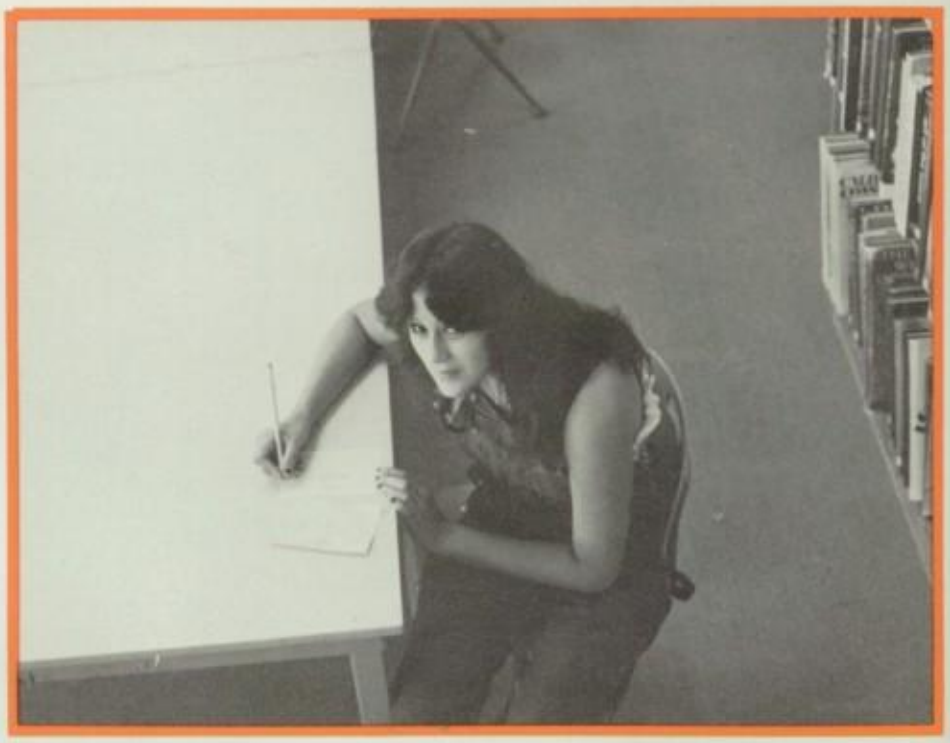
*to get out of the house for awhile*

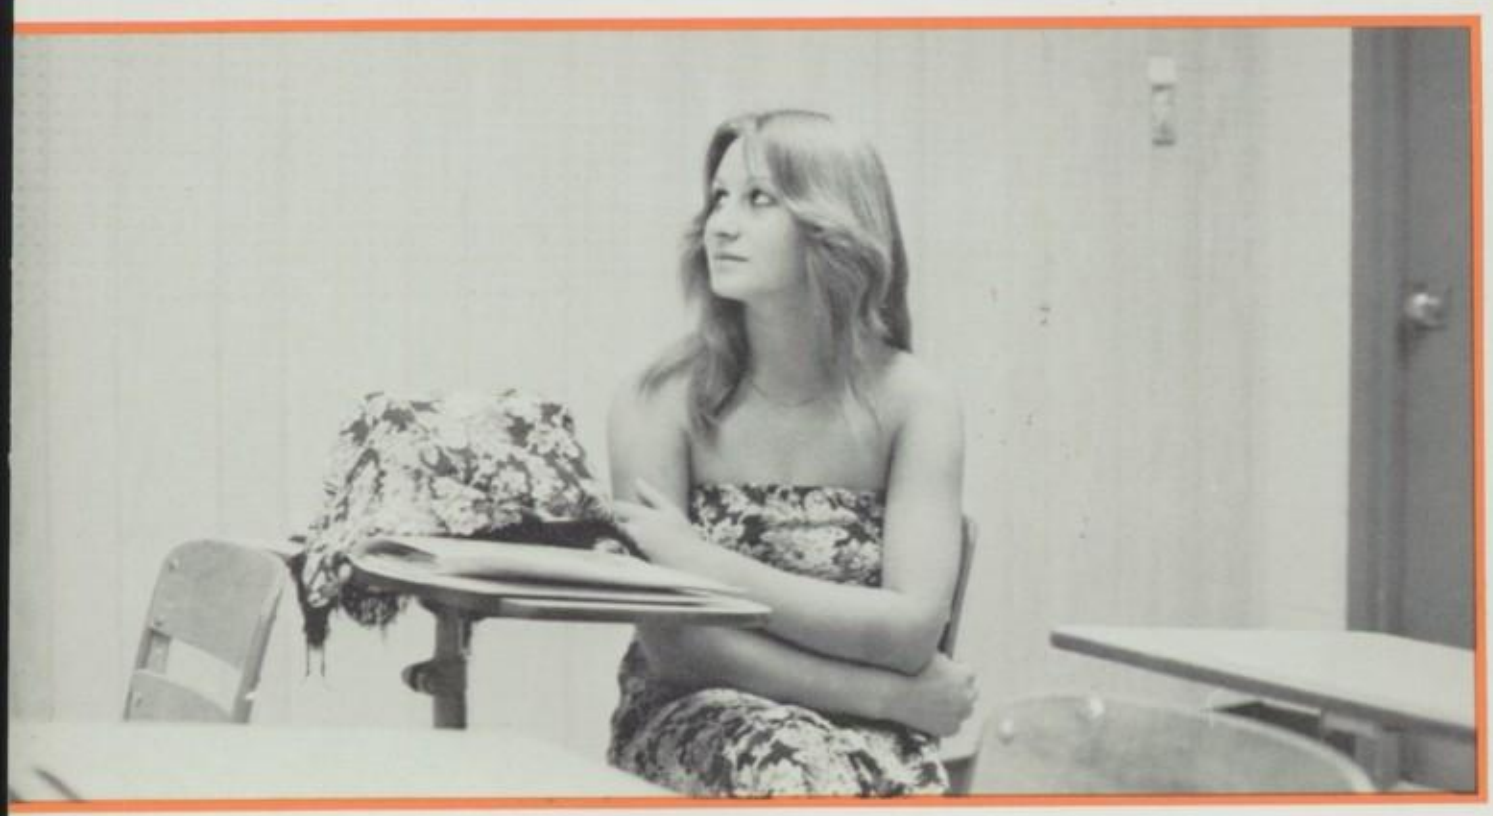
*there's nothing else to do*

*to learn and prepare myself for college*

*so i can enjoy the afternoon activities, the holidays and the minimum days*

# WHY DO YOU COME TO SCHOOL ?

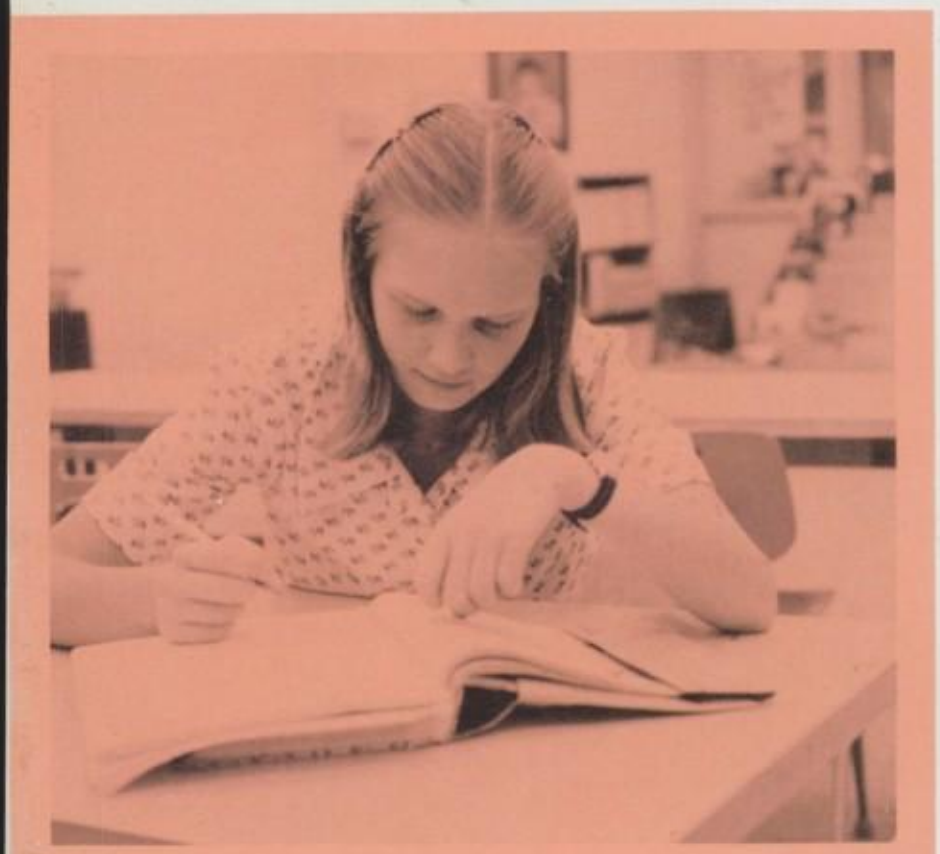




# MY MOTHER MAKES ME!

# RALLIES

# CLASSES . .



Hey, hurry you'll be late for your next class! You make it into your seat in the nick of time and as you begin to become aware that the teacher is already well into the first paragraph, you realize that you have brought the wrong book. It seems like most of your classes would make good solutions for insomnia. The only reason you might look forward to going to a class is because your honey is in it...or it just might be an exciting history class, or a provocative English class with Mr Miller, or a challenging P.E. class...

# THAT FIRST DAY

# OF SCHOOL...

*WHAT FRUSTRATES YOU MOST ABOUT SCHOOL?*

*rushing to school because i thought it was regular schedule but it turned out to be a morning activity*

*when half of the teachers don't know what they're doing*

*teachers that are always on my case*

*having a closed campus*

*coming to school*

*the oversized classes*

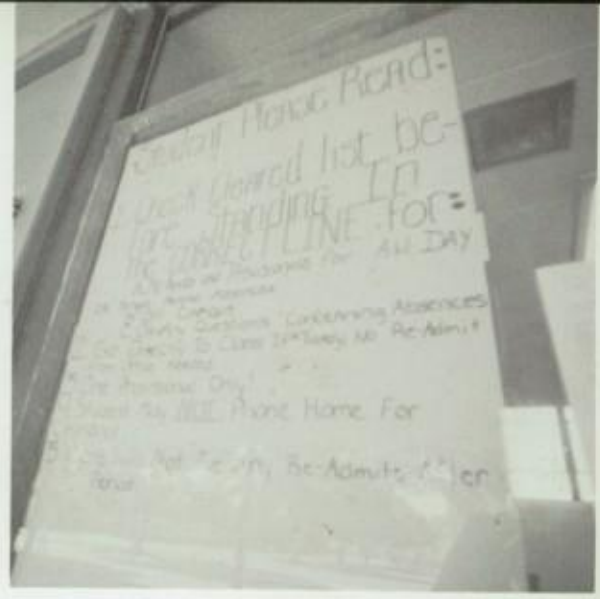
*people who don't take showers after p.e.*

*the fact that shoes are required on campus*

*there aren't any advanced sex education classes*

*there aren't enough scholarships offered*

*everything!!!*



# A FUSTRATION

Frustration...is knowing the feelings of pressure, defeat and anxiety. It's living the experiences of losing an important football game, cramming all night for a final or trying to let someone know you care.

*the relationship between someone who wants to learn and someone who knows something.*

*mutual respect, friendly; but i don't think a teacher and a student should be pals.*

WHAT DO YOU DO AT LUNCH?

go in the choir room and shoot the breeze

go home and catch up on the soaps

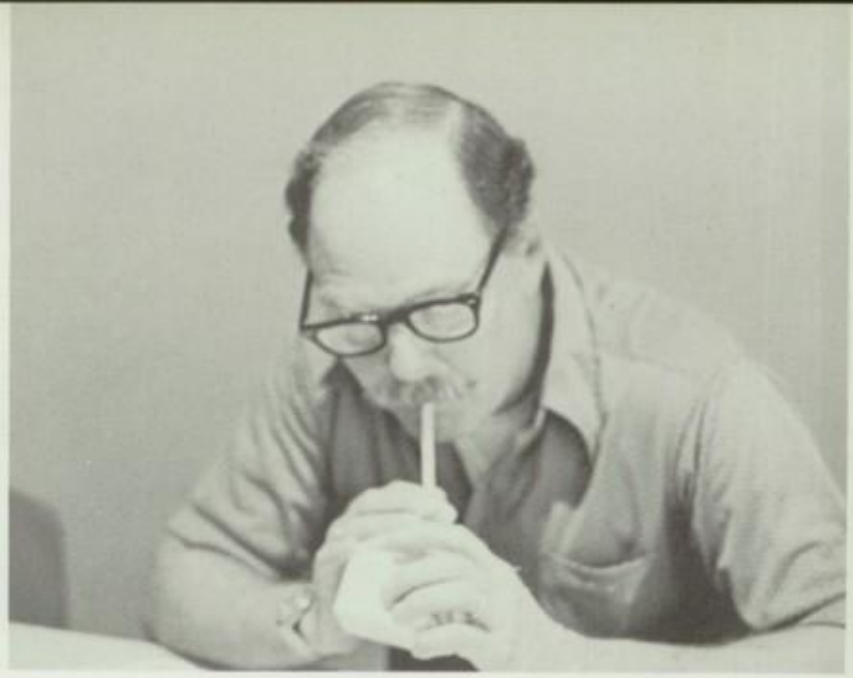
i goof around

i go to Leon's

i guess i eat

i eat a nasty burrito, a stale cookie and mashed potatoes covered with crusty gravy

# LUNCH . . .



Where do I go to eat lunch?... I go to MacDonald's because I like Big Macs.... I usually go to the cafeteria because I don't drive... I go to the snack bar because I don't like sitting in the cafeteria.... I usually go out to eat since the cafeteria bores me... Sometimes I go out but mostly I stay on campus. Why not?...I eat in the faculty cafeteria because I don't have any other choice, and I may start brown-bagging it any day now.... I mostly go the snack bar....

Throughout the 1970's, many tunes have been populatized and have hit the top of the charts. It seems as though we grew up with the music of the 70's...from singing along with the radio to Saturday night concerts. An example of some of the songs are "Short People" with Pam Ledford, Gwen Mason and Sharon Peel, the "New Kid in Town" with Jim Allen, "Thank God I'm a Country Boy" with Tracy Garside, Kevin Fox and Brenda Housley, the "Midnight Tram to Georgia" with David Wilson, Cynthia Jackson, Lisa Sharp, Sherie Dockerie and Rosemary George, "You Light up My Life" with Bobby Valverde and Silvia Villegas, "Ain't Gonna Bump no more with no Big Fat Woman" with Cleo Hopkins and Carol Adams, "Bad, Bad, Leroy Brown" featuring Roger Tarver, "Raindrops Keep Falling on my Head" with Mark Taylor, "The First Time I Ever Saw Your Face" featuring David Flores and Nancy Adams and "Blinded by the Light" with Richard Winslow and Danny Formhals.

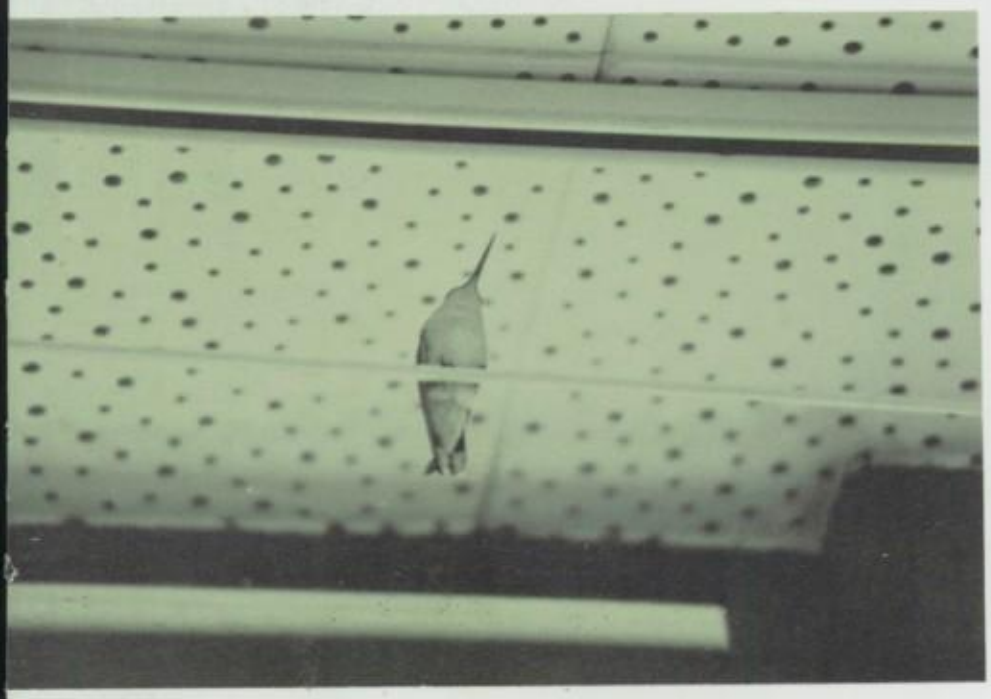
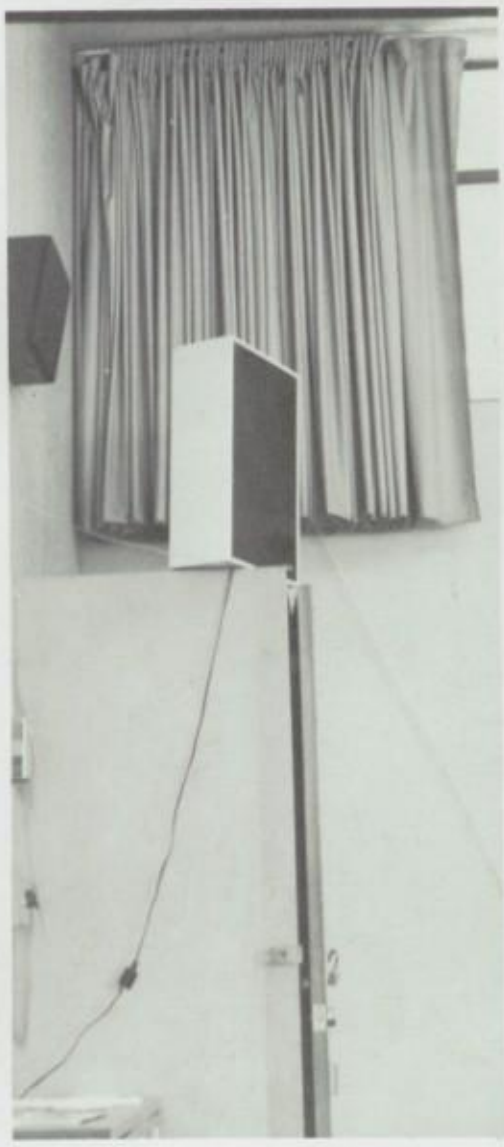
# THE USUAL AND UNUSUAL





*School is not always the same old drag, with books and teachers' dirty looks. Sometimes there's a friendly tarantula to liven up the day, or a test score a bit different from what was expected. At least, pictures of the unusual might make our yearbook sparkle just a little more. Some pictures have stories behind them, too, such as the little hummingbird who flew into Room C-17, got trapped, then knocked himself out trying to fly through an unusually clean window, shook his head, and flew away.*

*These pages are being dedicated to a man whose comical expressions have been the subject for many a cameraman's snapshot. If by now you don't realize who this photogenic person is, he's none other than South High's Richard Snydal. And because of his variety of facial expressions, it is quoted that Mr. Snydal is talented enough to appear in a t.v. commercial.*

# AUTUMN FUN

The 1979-'80 school year at South High seemed full of "fun and frolic." But autumn seemed to hold more than the other seasons. Whether the fun was an exciting football game, sharing crazy moments with friends or just being yourself was all part of the autumn fun that our Rebels seemed to find this year.

# SAVE THE DINOSAURS

*Once upon a time, there was a dinosaur, a brontosaurus, a pterodactyl, and some weird-looking sea creatures and plants. Before long the whole bunch became part of a layer of organic matter. And after a little heat and pressure, they formed underground pools of crude oil—the same oil we're using today to drive our cars, heat our homes and perform a thousand other vital jobs.*

*The problem is that we're plumb out of dinosaurs, pterodactyls and the like. And it doesn't look as if they're coming back. That's why, at Chevron in addition to continuing our efforts to increase our domestic supply of energy, we're also helping to conserve energy. And we're reminding people of the need to avoid wasting gasoline. All of us must work together to help America achieve greater energy independence.*

*So the next time you jump in your car, remember that some dinosaur or other prehistoric creature gave his or her all for that tank of gasoline.*

*Go easy—and America's energy will go a lot further.*

*"Wow, I can't believe I've made it!" These are seven words I'm sure every graduate has said at one time or another. I, included, say this because it seems so fantastic and unreal that I've finally made it to the last page of this yearbook and more importantly, to the last year of high school.*

*I don't want to sound sentimental, but I really believe in that saying, "Your high school years are the best and most important years in your life." I know they are for me and I couldn't have made it through high school without the help from a few special people. One of these people who I believe deserves a lot of merit, is my advisor Mr. Stan Godecke. Not only has Mr. Godecke been a forthright advisor for the Merrimac for over ten consecutive years, but he was also the advisor for the Rebel Yell ever since South High was founded. Mr. Godecke is truly a dedicated person and his formidable will in producing a yearbook every year is certainly admirable. Thank you Mr. G. You're truly a special person!*

*I'd like to give merit to so many other individuals but I'm sure anyone reading this won't want to listen to my emotionalism. So, I'd like to finish this sentiment with a parting thought: the four years I've spent at South High have really been a great experience for me. These experiences I've had in high school, both happy and melancholy, will stay with me for the rest of my life and, well, what else can I say? I'm going to miss you South High!!*
